Each TC Sunshade baguette production run is tailored to the specific color, shape and texture characteristics unique to your project. We offer four standard profiles, shown to the left. They are fin, 2"x 6" rectangle, 2"x 4" rectangle, and square. TC Sunshade baguettes come in a standard length of 5 feet with shorter lengths formed or cut to length according to project needs. These units can be installed in a horizontal or vertical orientation. Units can have various attachment methods based on design, orientation, and location. Baguettes are used in various applications, including as awnings over windows, parking garage screens, or mechanical equipment screens. Custom colors, glazing and engobe glazing are available upon request.

Smooth Sunshade in Copperstone/ 50mm x 150mm x 1200mm
Characteristics

- **Absorption**
  ASTM C67-02C
  3.3 - 5.6%

- **Moisture Expansion**
  ISO 10545-10
  < 0.06%

- **Modulus of Rupture**
  ASTM E880/C880M-15
  1305 psi

- **Freeze & Thaw**
  ASTM C67
  Tested to 50 Cycles & Passed

- **Reaction to Fire**
  ASTM C67
  Non flammable

- **Breaking Strength**
  ASTM E880/C880-15
  5230 lbf

- **Efflorescence**
  ASTM C67-02C
  No efflorescence

- **Chemical Resistance**
  ASTM C67-02C
  Resistant to low concentrations of acid and alkalis

---

**Panel Manufacturing Tolerances**

- 500mm x 150mm x 1200mm
